

What is the real problem in this world? Answer: people

Why human being cannot solve human problems?

1. We are part of the problem. We are the problem because we have failed in God's plan

2. We have no solution. God allowed problems to overwhelm men so that they will seek God who has the solutions.

3. We approach the problems subjectively and excuse ourselves. We are arrogant to admit the truth that we are not capable of solving our problems.

**4. We try to change others to get our will done
We manipulate, threaten, devices schemes and use people to get our will done.**

5. Problems are for God to solve for us. Our job is to grow spiritually and let God handle everything for us.
