

# **3 STRIKES AGAINST US**

1. **IMPUTED SIN** - *God imputed Adam's Original Sin to our genetically inherited Old Sin Nature at the point of birth resulting in our condemnation. Rom. 3:23, 5:12, I Cor. 15:22*
2. **INHERITED SIN** - *When Adam fell, he acquired an Old Sin Nature [OSN] We inherit this OSN, the tendency to to sin, from genetic perpetuation.*
3. **PERSONAL SIN** - *Sins we commit from our own volition. We sin because we choose to sin. Whether we know it is a sin when we commit it makes no difference.*
