

**Time is a measure of duration  
to adjust in God's plan:**

**1. Appointment to live on earth for members of the human race to seek God**

**2. Allotment for members of the Royal Family of God to reach spiritual maturity**

**3. Allocation for the pivot to glorify God while in the world**

**Adjustment to the justice of God by rebound is not complete without continuing in the plan of God:**

**1. What I should think (viewpoint will)**

**2. What I should do (operational will)**

**3. Where I should be (geographical will)**
