

BE CAREFUL HOW YOU LISTEN...(Luke 8:18)

- **Listen with observation**
Use your spiritual perception (spiritual IQ) not your brain.
- **Listen with concentration**
Focus on the Bible doctrine being taught not on anything or anyone else.
- **Listen with consideration**
Think it through –metabolize until you fully understand it.
- **Listen with clarification**
Verify it, study it further until you grasp the spiritual meaning.
