

3 Elements of Worship

- **Salvation** – the worshiper is saved and a child of God
- **Spirit-filled** - the worshiper is spiritual at the moment of worship
- **Scripture** – the worshiper is focus on the Word of God

All the approaches to worship such as prayer, adoration, praise and worship, giving, singing, and dancing are all useless without the elements of worship.

Anyone can do (even the devil and his demons) the approaches to worship but only a true believer can have the elements of worship.
