Who are we in Grace?

God in His Grace:

Has considered us before we were born physically and spiritually.

In common grace has provided everything we need to survive physically.

In preservation grace has protected us before our salvation to ensure its fulfillment.

In saving and efficacious grace has redeemed and changed our position from death to life.

In forgiving grace has drawn us before we could even think that we are in need of forgiveness.

In logistical grace has planned, prepared and providing everything we need to advance spiritually.

In sustaining grace, strengthening us through the indwelling Holy Spirit & the Word of God.

In eternal grace has secured & sealed our place in God's presence the merits of the Lord Jesus Christ.

What we want in Grace?

To grow in the grace and knowledge of the Lord Jesus Christ.

To receive God's super grace blessings both in time and eternity.

To be a winner in the angelic conflict with spiritual impact before men and angels.
