THE PROTOCOL PLAN OF GOD

The baptism of the Holy Spirit opened the door for the royal family of God to an extraordinary Christian way of life under the power of the Holy Spirit. We call this the protocol plan of God. Protocol is a rigid long-established code prescribing complete deference to superior rank and strict adherence to due order of precedence, precise and correct procedure.

As earthly royalty lives by humanly made protocol. The refined behavior and high standards of conduct in a vibrant aristocracy are supported by a system of protocol. Each member of the royalty is thoroughly trained and to be familiar with the manner in which various activities are conducted. Each is trained to know his proper place in each royal activity.

Protocol enables everyone to know what to do in a given situation and thus creates an environment of poise, graciousness and orderly system. Protocol resolves routine questions and frees the person to devote his energies to substantial issues or to enjoy the event in hand.

Spiritual royalty is not less than the earthly royalty. Church Age royalty need never wonder what the Christian life requires of him. He need not stumble or feel awkward in any aspect of his relationship with God. Since he belongs to a spiritual dynasty founded by the Lord Jesus Christ in which the standard of conduct follows the precedent clearly established by the humanity of Christ on earth.

The entire royal protocol is available for every Church Age believer to learn and master. The protocol plan is clearly defined and taught in the New Testament. The spiritual protocol plan of God for the Church supersedes the ritual plan of God for Israel.

The protocol plan of God is not new because it is long established in the mind of omniscient God. God knows the way of life He would unveil for the Church Age. The exactness of God's code for spiritual royalty expresses His own perfection.

God decreed one way of doing each thing, and that way is the only right way in the sight of God. We cannot define the Christian way of life in any way we please. God prescribes complete deference to the ends and means of His plan. The very concept of the protocol means that even a right thing becomes wrong when done in a wrong way. A wrong thing done in a right way is still wrong. A wrong thing done in a wrong way is wrong. Only a right thing done in a right way is right. This is precisely correct procedure.

The right thing done in the right way is the protocol plan of God. The right way demanded by protocol is life under the divine power system divine sphere. The most basic concept of true Christian way of life is residence, function and momentum inside the divine sphere. The divine dynasphere or divine sphere is the believer's safe secure and spiritual palace.

The perfect God can only devise a perfect plan for the imperfect Church Age believers. The protocol plan is a perfect plan, which the believers cannot execute through human ability, human power, human wisdom, human talent and human good works. God cannot accept any human contribution to His perfect plan because it would only corrupt the perfect plan. The justice of God guards the integrity of His protocol.

This is called grace, where man enters the plan of God exclusively on the merits of Christ, and will continue in the plan of God by divine power. The believer lives the Christian life only on divine resources and divine power (Ephesians 4:20-24).
