

The Fallacy of Spiritual Growth

04

Fallacy 4: A spiritual mature believer is bountifully blessed with health, wealth and prosperity.

Truth: The blessings of spiritual maturity are in 3 categories:

- a. Character development: possessing the mind of Christ
- b. The abundant life: the escrow blessing in time
- c. Service capacity: the function of Royal ambassadorship (1 Peter 5: 6-10)

Argument: If spiritual growth and maturity is measured by the material blessings, then, the top 100 riches people in the world must be “spiritually mature”!
