

# *The Fallacy of Spiritual Growth*

05

Fallacy 5: A spiritual mature believer is living in comfort, riches, peace, and pressure free life.

Truth: No believer who is advancing in the plan of God is free from pressures, persecutions, problems, adversities or pains from Satan and the cosmic system.

The positive volition toward Bible doctrine will never escape from the battering of the devil.

Satan will never interfere with anything you are doing for God as long it is not for studying the Word of God.

Argument: Working , serving, and sacrificing for God are the result of maturity not the avenue to attain it.
