

The Fallacy of Spiritual Growth

10

Fallacy 10: Spiritual maturity is threatened by spiritual burnt-out and failure of doing great things for God.

Truth: Spiritual burnt-out is caused by lack of Bible doctrine in the soul while being busy for the kingdom but never for the King of kings.

Most so called “servants” of God are for the world but against the Word of God.

Argument: The manifestation of true love for God is revealed by true respect and concentration for the Word of God. Rejection to perceive, retain, recall and apply Bible doctrine is Satan’s foremost aspiration for every child of God.
