

The Reality of Spiritual Growth

12

A Growing Believer is one who have decided that the Infallible Word of God is more important than the inflated opinion of men:

He understand that ignorance of Bible doctrine is terminally fatal for his starving soul.

He understand that having little doctrine in the soul is dangerously risky for his soul to survive against the cosmic hostility.

He understand that when human viewpoint and divine viewpoint clashes, divine viewpoint is always right.

He understand that he has to reject the approbation of me.

PLEASING GOD RATHER THAN PLEASING MEN.

**CONCERN ABOUT WHAT GOD THINKS OF HIM (spiritual identity)
RATHER THAN WHAT MAN THINKS OF HIM (human identity).**
