

# Agathos

Agathos is the intrinsic  
absolute good of God

## PRINCIPLES RELATED TO AGATHOS:

- Agathos cannot come out of the human nature.
- God is the only source absolute good.
- Satan and man are the source of relative good.
- Believers are imputed with divine intention of producing good of God (Eph. 2:10).
- The increase of agathos in the believer is proportional to the amount of doctrine in the soul (Col. 1:10).
- Every believer should take the opportunity to do good in the energy of the Holy Spirit which results to edification (3 John 11)
