

Bitterness leads to Desperation

DESPERATION: BUILT BY YEARS OF NO METABOLIZED BIBLE DOCTRINE

BITTERNESS IMPATIENTLY LOOKS FOR SOLUTION:

- Demanding for immediate answer
- Clamoring for express help and assistance
- Looking for fast counseling and enlightenment
- Soliciting for sympathy and acceptance
- Requesting for fast human remedy
- Inviting others to share his miseries and pains
- Forcing people to suffer with him as well
- Manipulating others to show pity and mercy to him.
