Evolution

Inspired by Charles Lyall's book *Geology of the earth*, Charles Darwin wrote his notorious book "The Origin of the Species" in 1895. Darwin presented his wild ideas and imagination that life came about to become what it is today, through evolutionary process over millions of years. He had no empirical evidence to support his theories, conjectures, and strange imagination. Darwin's notorious book earned him ardent supporters like Karl Marx, Hitler, Mussolini, and Pope John Paul II. The Pope on October 23 1996 dismissed the biblical doctrine of creation and ordered the teaching in all Catholic schools of the evolutionary origin of man.

SCIENCE CANNOT CONTRADICT THE BIBLE because the Bible is the very foundation of all Truth. Physical matters are not reality but spiritual matters. The Bible is the only prolific source of all truth. Science is the systematized knowledge of truth and from where we can identify every truth. Science is not the source of truth, the Bible is.

The Bible teaches that the physical realm is not all of reality, but that it is coexistent with the spiritual realm [John 4:24, Revelation 16:24]. The physical realm is permeated by the spiritual realm [Ephesians 6:12]. The physical and spiritual realm interact with each other [Matthew 17:19-20, John 13:2]. The ultimate source of all knowledge and power is the spiritual realm not the physical realm [Psalm 111:10, Matthew 28:18, Romans 11:33-36]. It is irrational to accept the hypothesis of men and reject the truth of God's Word. Psalms 14:1 says, the fool has said in his heart, "There is no God." They are corrupt, they have committed abominable deeds; There is no one who does good".

Most of the men who laid the very foundations of our modern science today were also men of Biblical faith like GALILEO, COPERNICUS, FRANCIS BACON, JOHN NEWTON, KEPLER and others. BUT THERE WERE also foolish men who wanted to be known as scientists and inventors. Their works were merely just hypothesis and theories that cannot be proven. Foremost of this is the Darwin's theory of evolution. THE "PROOFS" of evolution will dissolve under scientific process of investigation. The hypothesis of the evolution remains still a hypothesis.

EVOLUTION cannot account for the first atom. It cannot explain how the original matters were changed from homogeneous to a moving and living one. It fails to give clear explanation how the present universe is a cosmos and not chaos. It

fails to explain how life came from non-living original form. It fails to explain the leap from botanical world to that of animals. It fails to explain the leap from animal world to that of man. It fails to explain the law of continuity-why does a dog produce a dog and not an evolutionary specimen. It fails to explain the present distribution of matters on numberless stars, planets, and moons in numberless galaxies.

These are but few of the questions that the Darwinians have no answer. Science is something that can be proven, categorized, applied and supported by facts and data. If evolution cannot produce proofs, facts and data the laboratories cannot analyze, categorize and apply, then it is just a theory. Maybe, it is better to call it as: Darwin*s Fairy Tales of Evolution. Let us try some practical questions: In all your life, did you see anything evolving from anything to become a higher species? Does anyone come out with anything recorded and documented of evolutionary process even that of single cell amoeba? Why the amoeba is still an amoeba?

Be careful! The traditional religion have already approved and adapted the theistic evolution theory as church dogma. The Christian News (November 4, 1996 p.10) presented the following reasons why evolution failed as a science: Reasons why evolution goes contrary to proven laws of science:

- It is contrary to the first law of thermodynamics: Nothing is being created now.
- It is contrary to the second law of thermodynamics: Everything is degenerating not evolving.
- It is contrary to the law of biogenesis: Life comes only from life.
- It is contrary to the proven evidences of geology.
- It is contrary to evidences in the polar region.
- It is contrary to the law of cause and effect: Everything must have a superior cause.
- It rejects both history and the Bible. Science considers every bit of information.
- It rejects the geology statements made in Genesis.

Reason why evolution is scientifically not possible:

- It does not consider the complexity that exists in the cells of living things.
- It does not consider the extreme complexity of the human body.
- It does not consider the great differences among different kinds of animals.
- It has no evidence that any animal evolved into a higher kind. The changes have been horizontal in varieties within species.
- The claim of evolution that the energy from the sun can create life is just a theory.
- The big bang theory is not possible because the planets rotate in clock-like precision orbit.

- Evolution is not possible because the sun, stars, planets and moons are different from each other in substance and form that they could not have resulted from one evolutionary process.
- The sky or expanses surrounding the planets are not the same.
- Evolution is not possible because there is no water, air in other planets or moons.
- If the planets evolved from one great explosion they would not be round but irregular in shapes. Reason why evolution is a religion and not a science:
 - There is no evidence for evolution.
 - Evolution provided explanations that are not scientific but myths and wild ideas.
 - There is no evidence for the big bang which runs contrary to the existing laws of science.
 - Evolution has no explanation for the rise and advance of civilization all over the world 5000 years ago.
 - The first evolutionary process of amoeba and the primary origin of the universe by big bang explosion cannot be tested, proven, disapproved, or falsified on the basis of scientific process.
 - The claims of the secondary evolution that man evolved from animals have been falsified.
 - Evolution is entirely based on a chance and not on truth or reality.
 - Evolution is a fable that has become the religion of the godless.

Hebrews 11:3 says: By faith we understand that the worlds were prepared by the word of God, so that what is seen was not made out of things which are visible.

SCIENCE can observe, classify, describe and apply these normative operations but is powerless to control them. A DISTINCTION must be maintained between illegitimate scientific speculation and legitimate observation. Only God in His grace can guarantee the continuation of these laws [Colossians 1:16]. KNOWN SCIENTIFIC LAWS and phenomena which man has been able to observe, classify, and apply depend entirely upon the faithfulness of God. The Lord Jesus Christ at the present time guarantees the continuous operation of every bona fide scientific law [Colossians 1:17, 2 Peter 3:4-5].

The entire human race with the entire creation, the stability of our environment and the condition of the atmosphere depends on the Lord Jesus Christ. He holds the universe together by the power of His Word. He postpones eternity to give the members of the human race ample time and opportunity to appropriate the grace of God [2 Peter 3:9]. The opportunity begins at the moment of faith in Christ and continues throughout the believer's life in the world. Since God existed before science God's Word is the point of reference and authority, not science. God created all so called scientific laws and sustains all the laws in the entire universe. The term SCIENTIFIC LAWS is a misnomer because science

does not develop or enforce these laws. The so-called scientific laws are based on the statistical assumption that the universe, which operates according to a fixed norm, will continue to do so.

Whenever a conflict exists between scientific theory and biblical principles - the Bible is always true and right. When a conflict arises between a historical interpretation and biblical accounts -the Bible is always right. Wherever the Bible comments on science must agree with the Bible for it is the truth. The Bible is not required to agree with science.
