LOVE

LUST

2 DIFFERENT THINGS - SEPARATED NOT COMBINED

L U S T

LOVE vs. LUST

- Is a **DECISION**. "Making love" doesn't make it **LOVE!**

- Wants what's best for the other person.

- Protects others from harm, danger, or risk of harm.

- Is unconditional.

- Shows "I will never do anything to hurt you, and you will be a better person because I loved you!"

- Is a **FEELING**, like infatuation.

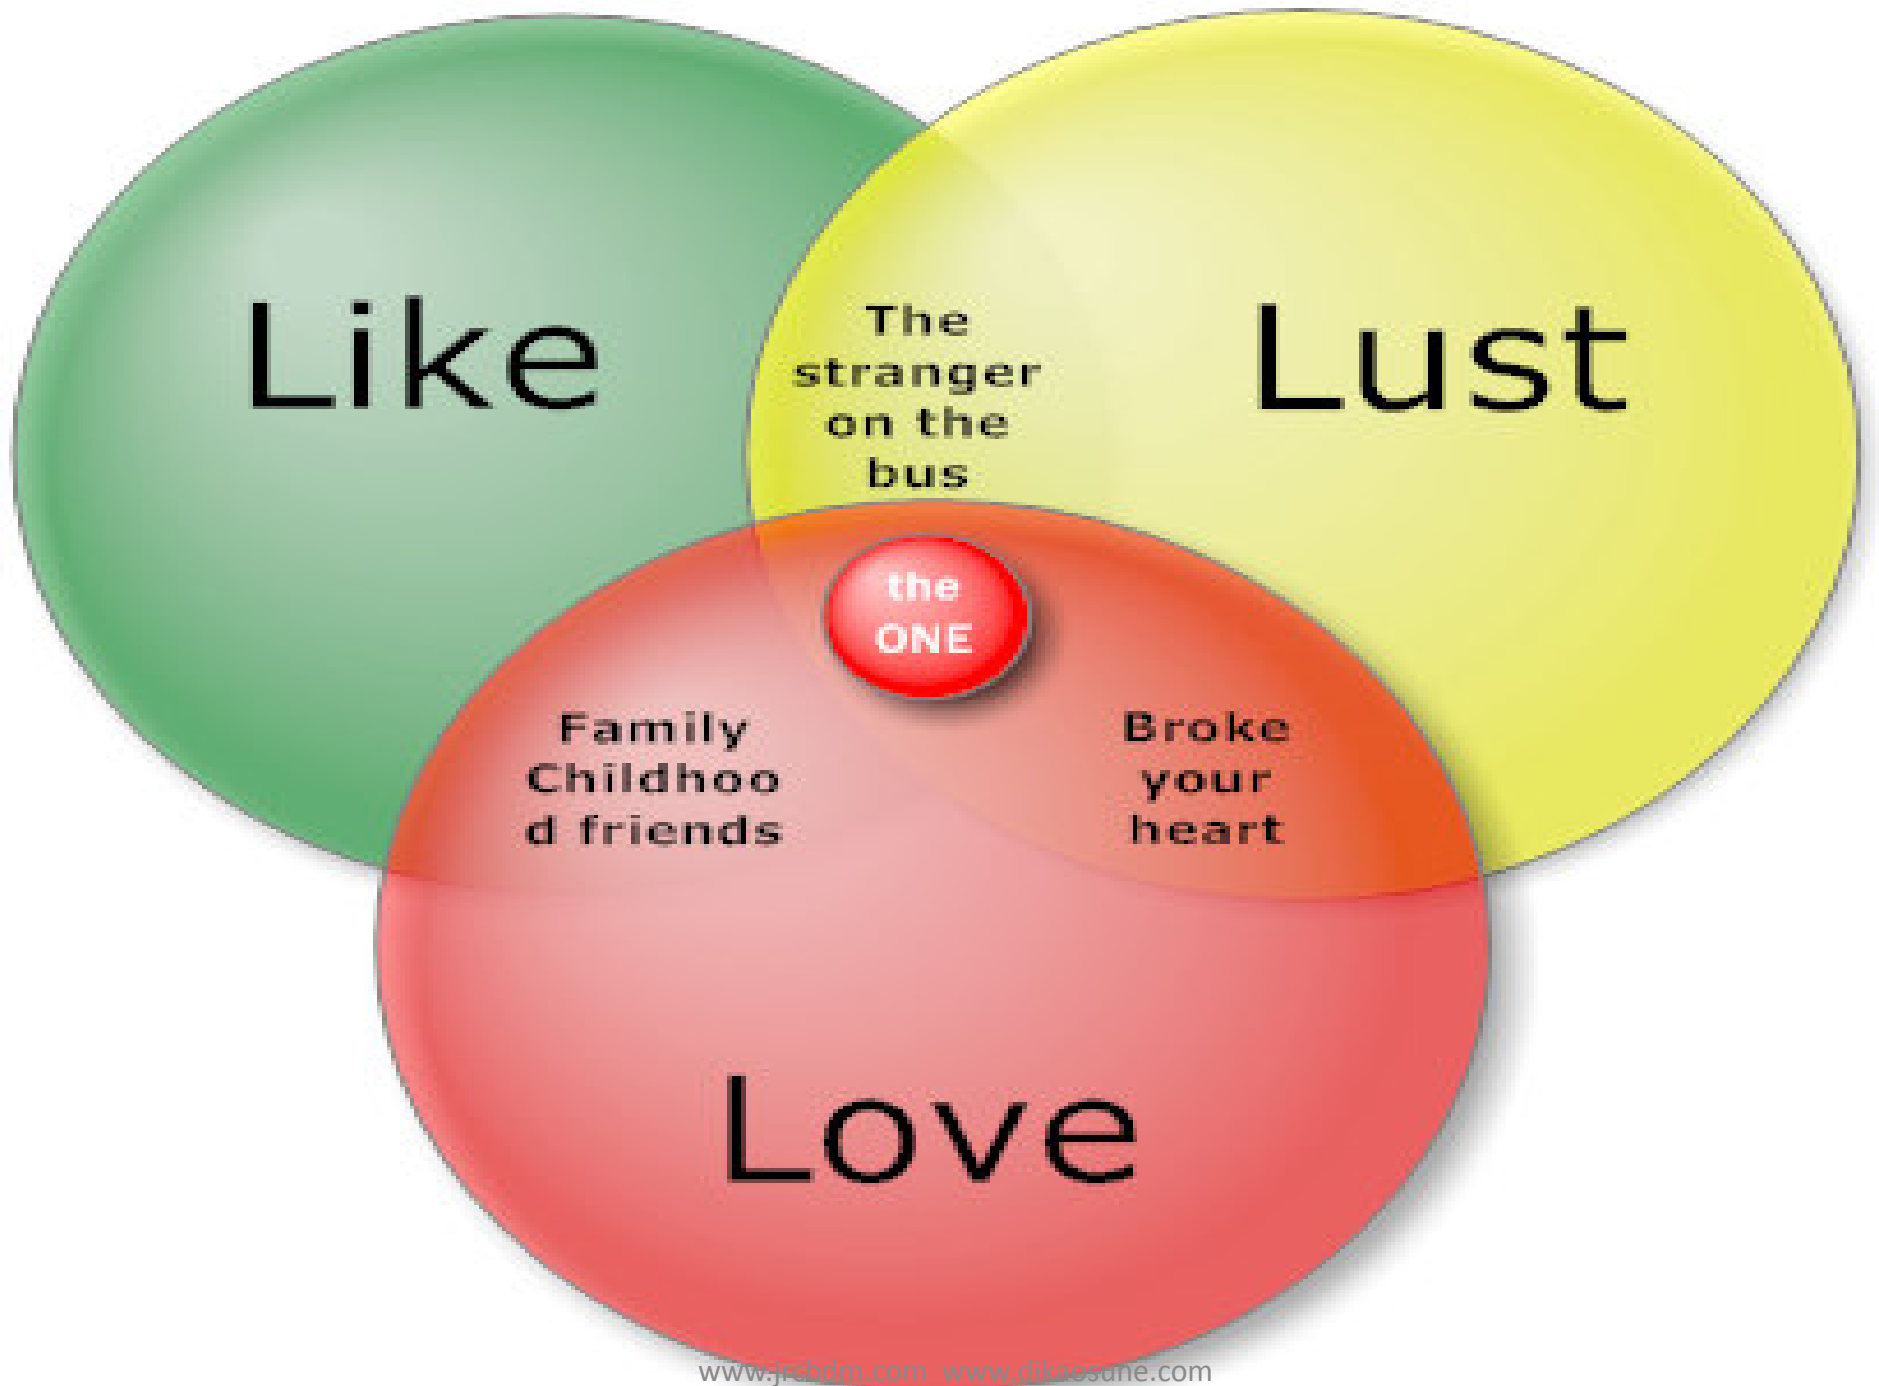

- Tends to be more about "me."

- Looks for what it can get, not what it can give.

- What we call "conditional love" ... I love you *if*...

- Says "Come on Baby, isn't it time we showed each other how much we care?"

The Choice

Lust

Love

Lust manipulates others for the purpose of meeting one's own needs even at the sacrifice of others.

Love focuses on meeting the genuine needs of others even at the cost of self-sacrifice.
